## **Conference**

# **“Safe and connected Truck Parking Areas in Europe”**

## **Background and best practices**

**5 October 2016  
10:00 – 16:00**

**Press Club Brussels Europe  
Rue Froissart 95 - 1040 Brussels**

# ESPOORG

(European Secure Parking Organisation)

**EUROPEAN SECURE**  
PARKING ORGANISATION

## Why is this an issue?

**Because there is a missing link in the logistic chain and therefore the need for reliable secure & certified parking areas**

EUROPEAN SECURE  
PARKING ORGANISATION

## 1. ESPORG - It's about a culture change

Since the end of the 1990s...

- ...the value of goods transported on roads constantly increases
- ...freight transport is getting evermore global and interconnected

→ Increase of theft, fraud and smuggling

[www.esporg.eu](http://www.esporg.eu)

# ESPORG

(European Secure Parking Organisation)

- Since 2007 the EU actively supports the setup and upgrade of secure parking areas
- 2010: establishment of ESPORG
- 2012: official certification concept in cooperation with DEKRA based on best practices in the EU
- ESPORG-members: operators of secure parking areas

## *ESPOORG's Mission*

- Interconnection with Intelligent Transport Systems (ITS)
- Reliability, security and traceability of cargo
- EU support for the security of parking service areas

[www.esporg.eu](http://www.esporg.eu)

# ESPORG

(European Secure Parking Organisation)

**EUROPEAN SECURE**  
PARKING ORGANISATION

- The service significantly offsets the costs
- The EU requests an EU-wide coverage of secure parking areas every 100 kilometres along major highways
- Interconnection of these secure parking areas with Intelligent Transport Systems

[www.esporg.eu](http://www.esporg.eu)

# ESPORG

(European Secure Parking Organisation)

**EUROPEAN SECURE**  
PARKING ORGANISATION

- Private investors are clearly interested in investing in secure truck parking sites
- Member States should take up this opportunity, look for different financing instruments and start building safe and secure truck parking areas
